(Constituted by MoEF, Government of India, under section 3(3) of E(P) Act, 1986)

No. SEIAA 33 IND 2015

Date: 03-06-2019

To,

Mr. M Shankar,  
Director,  
M/s. Venus Chemicals and Drugs Pvt. Ltd.  
Sy No. 106 & 107, Plot No. 197/2  
Raichur Growth Centre,  
Wadloor Cross,  
Chiksugur - 584 134.

Sir,

Sub: Manufacturing of Bulk Drugs and Intermediates unit at Sy.Nos.106 & 107, Plot No.197/2 of Raichur Growth Centre, Wadloor Cross, Chiksugur Village, Raichur District, Karnataka of M/s. Venus Chemicals and Drugs Pvt. Ltd. - Issue of Environmental Clearance - Reg.

\*\*\*\*\*

This has reference to your application dated 5<sup>th</sup> December 2015 and 22<sup>nd</sup> November 2018 bearing proposal No/SIA/KA/IND2/4874/2015 addressed to SEIAA, Karnataka and subsequent letters addressed to SEIAA/SEAC, Karnataka seeking prior environmental clearance for the above project under the EIA Notification, 2006. The proposal has been appraised as per prescribed procedure in the light of the provisions under the EIA Notification, 2006 on the basis of the mandatory documents enclosed with the application viz., the Application in Form 1, Pre feasibility Report, EIA Report for Change of products to Manufacturing of Bulk Drugs and Intermediates units and the additional clarifications furnished in response to the observations of the SEAC, Karnataka. The proposal is for manufacturing the following Bulk Drugs and Intermediates unit.

Sl. No.:	Name of Products	Quantity Proposed (Max. in TPM)
1	Triphenyl Phosphine	30.0
2	Serattalline Hydrochloride	4.5
3	Fluconazole	6.0
4	Ambroxyl Hydrochloride	2.4
5	Pentaprazole Sodium	12.0
6	Omeprazole Sodium	12.0
7	Cetrazine Di Hydrochloride	3.6

Room No. 706, 7th Floor, 4th Gate, M.S. Building, Bangalore - 560 001 Phone : 080-22032497 Fax: 080-22254377

# State Level Environment Impact Assessment Authority-Karnataka

(Constituted by MoEF, Government of India under section 3(3) of E(P) Act, 1986)

SEIAA 33 IND 2015

Project for products to Manufacturing of Bulk Drugs and Intermediates unit by M/s. Venus Chemicals and Drugs Pvt. Ltd.

8	Ciprofloxacin Hydrochloride	12.0
9	Domperidone	6.0
	<b>Total</b>	<b>88.5</b>
<b>Sl. No.</b>	<b>Name of ByProducts</b>	<b>Quantity Proposed (Max. in TPM)</b>
1	Phosphorus oxy chloride	0.7
2	Spent nitric acid mixture	0.4

**Note: At a time any two products will be produced from the above listed products**

2. It is, inter-alia, noted that M/s.Venus Chemicals and Drugs Pvt. Ltd. have proposed for manufacture of Bulk Drugs and Intermediates unit of 88.5 MT/Month in the existing unit of manufacturing of inorganic chemicals. The total plot area is 4,028 sqm, out of which 1,600 sqm is built up area, 400 sqm area is for roads, 1,340 Sqm area is for green belt and 688 sqm is open area. Total water consumption is 44 KLD will be met from KIADB supply, out of which 1.3 KLD for domestic purpose, 10.2 KLD for process, 12 KLD for cooling tower make up, 18 KLD for boiler make ups, 0.5 KLD for washing and 2 KLD for scrubber. Power requirement is 250 KVA. One number DG set of 250 KVA will be installed for emergency power back-up. It is proposed to install 3 TPH capacity of Coal Fired Boiler. The total cost of the project is Rs. 2.32 Crores.

3. The wastewater generation will be 19.3 KLD, out of which 9.2 KLD will be the industrial effluent, 1.1 KLD will be the domestic sewage, 0.5 KLD will be the washing effluent, 2 KLD will be the boiler & cooling tower blow down, 3.1 KLD will be the RO rejection and 2 KLD will be the effluent from scrubber. The industrial effluent and domestic sewage shall be treated in the proposed ETP followed by MEE and ATFD and Biological Treatment System respectively. The solid waste generated are inorganic and organic of quantity 1,073 kg/day and 83 kg/day respectively shall be sent to TSDF and for Cement Industry respectively. Used lead acid batteries (4 nos./Annum) shall be sent back to supplier for buy back, Used Detoxified containers (100 nos/ Month), HDPE liners (25kg/month) and Used Oil (2 KL/Annum) shall be sold to KSPCB authorized recyclers and Spent Carbon (16 kg/day) shall be sent to Cement Industry for incineration, Coal Ash from boiler (800kg/day) shall be sent to Brick Manufacturers, Solvent Distillation bottom residue (20 kg/day) shall be sent to Cement Industry for incineration

4. The project proposal was considered by SEAC during the meeting held on 28<sup>th</sup> - 30<sup>th</sup> December 2015 and got recommended for issue of ToR for conducting EIA study, accordingly ToR was issued on 23<sup>rd</sup> February 2016 for conducting Environment Impact Assessment (EIA) Study. The project is located within the notified industrial area and hence does not require public consultation. The EIA has been conducted and report submitted by M/s. AM Enviro Engineers, Environmental Consultancy, #14/1, 2<sup>nd</sup> Floor, Harikrupa Patalamma temple street, Basavanagudi, Bengaluru - 560 004, in respect to

(Constituted by MoEF, Government of India under section 3(3) of E(P) Act, 1986)

SEIAA 33 IND 2015

Project for products to Manufacturing of Bulk Drugs  
and Intermediates unit by M/s. Venus Chemicals and  
Drugs Pvt. Ltd.

whom the notification dated 3.3.2016 of the MOE&CC stand deferred as per the order of the Hon'ble High court of Karnataka dated 21-03-2016 in W.P.No.15026-15038/2016. The proponent has submitted the final EIA report vide letter received dated 23<sup>rd</sup> December 2018.

5. Based on the information submitted by you, presentation made by you and your consultant M/s. AM Enviro Engineers, Environmental Consultancy, #14/1 , 2<sup>nd</sup> Floor, Harikrupa Patalamma temple street, Basavanagudi, Bengaluru - 560 004. The State Level Expert Appraisal Committee (SEAC) examined the proposal in the meeting held on 10<sup>th</sup> April 2019 and has recommended for issue of Environmental Clearance.

6. The SEIAA Karnataka has considered the project in its meeting held on 4<sup>th</sup> May 2019 and after due consideration of the relevant documents submitted by the project proponent and additional clarifications furnished in response to its observations and the appraisal and recommendation of the SEAC, decided to accord Environmental Clearance in accordance with the provisions of Environmental Impact Assessment Notification-2006 and its subsequent amendments, subject to strict compliance of the following terms and conditions:

## I.Statutory compliance

- i. The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.
- ii. The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.
- iii. The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan / Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report. (incase of the presence of schedule-1 species in the study area)
- iv. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/ Committee.
- v. The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.
- vi. The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC)

Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989

## **II Air quality monitoring and preservation**

- i. The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate these system from time to time according to equipment supplier specification through labs recognised under Environment (Protection) Act, 1986 or NABL accredited laboratories.
- ii. The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognised under Environment (Protection) Act, 1986.
- iii. The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM10 and PM2.5 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120 each), covering upwind and downwind directions.
- iv. To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and/or the NAAQS. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.
- v. Storage of raw materials, coal etc shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.
- vi. National Emission Standards for Organic Chemicals Manufacturing Industry issued by the Ministry vide G.S.R. 608(E) dated 21st July, 2010 and amended from time to time shall be followed.
- vii. The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16th November, 2009 shall be complied with

## **III. Water quality monitoring and preservation**

- i. The project proponent shall provide online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/drain carrying effluent within the premises (applicable in case of the projects achieving ZLD)

# State Level Environment Impact Assessment Authority-Karnataka

(Constituted by MoEF, Government of India under section 3(3) of E(P) Act, 1986)

SEIAA 33 IND 2015

Project for products to Manufacturing of Bulk Drugs  
and Intermediates unit by M/s. Venus Chemicals and  
Drugs Pvt. Ltd.

- ii. As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD).
- iii. The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/Water Act, whichever is more stringent.
- iv. Total fresh water requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/CGWA in this regard.
- v. Process effluent/any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system.
- vi. The Company shall harvest rainwater from the roof tops of the buildings and storm water drains to recharge the ground water and utilize the same for different industrial operations within the plant.
- vii. The DG sets shall be equipped with suitable pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.

## **IV. Noise monitoring and prevention**

- i. Acoustic enclosure shall be provided to DG set for controlling the noise pollution.
- ii. The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.
- iii. The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz. 75 dB(A) during day time and 70 dB(A) during night time

## **V. Energy Conservation measures**

- i. The energy sources for lighting purposes shall preferably be LED based.

## **VI. Waste management**

- i. Hazardous chemicals shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.
- ii. Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.
- iii. The company shall undertake waste minimization measures as below:

- a. Metering and control of quantities of active ingredients to minimize waste.
- b. Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.
- c. Use of automated filling to minimize spillage.
- d. Use of Close Feed system into batch reactors.
- e. Venting equipment through vapour recovery system.
- f. Use of high pressure hoses for equipment clearing to reduce wastewater generation

### **VII. Green Belt**

- i. The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along road sides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.

### **VIII. Safety, Public hearing and Human health issues**

- i. Emergency preparedness plan based on the Hazard identification and Risk Assessment (H1RA) and Disaster Management Plan shall be implemented.
- ii. The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire fighting system shall be as per the norms.
- iii. The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.
- iv. Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.
- v. Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, creche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- vi. Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.
- vii. There shall be adequate space inside the plant premises earmarked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places

### **IX. Corporate Environment Responsibility**

- i. The project proponent shall comply with provision contained in OM vide F.No. 22-65/2017-IA.III dated 1<sup>st</sup> May 2018, of the Ministry of Environment, Forest and Climate Change as applicable, regarding Corporate Environment Responsibility and shall execute the action plan with a total cost of minimum of Rs. 2.32 Lakhs as submitted vide letter dated 22/05/2019, around the project site.
- ii. The company shall have a well laid down environmental policy duly approve by the Board of Directors. The environmental policy should prescribe for standard operating procedures to have proper checks and balances and to bring into focus any infringements/deviation/violation of the environmental / forest /wildlife norms/ conditions. The company shall have defined system of reporting infringements / deviation / violation of the environmental / forest / wildlife norms / conditions and / or shareholders / stake holders. The copy of the board resolution in this regard shall be submitted to the MoEF&CC as a part of six-monthly report.
- iii. A separate Environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of senior Executive, who will directly to the head of the organization.
- iv. Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six Monthly Compliance Report.
- v. Self environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.

### **X. Miscellaneous**

- i. The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.
- ii. The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and

and Intermediates unit by M/s. Venus Chemicals and  
Drugs Pvt. Ltd.

- Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.
- iii. The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and update the same on half-yearly basis.
  - iv. The project proponent shall monitor the criteria pollutants level namely; PM10, SO2, NOx (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects and display the same at a convenient location for disclosure to the public and put on the website of the company.
  - v. The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.
  - vi. The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and put on the website of the company.
  - vii. The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.
  - viii. The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.
  - ix. The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.
  - x. No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment, Forests and Climate Change (MoEF&CC).
  - xi. Concealing factual data or submission of false/fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.
  - xii. The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.

- xiii. The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.
- xiv. The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information/monitoring reports.
- xv. The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.
- xvi. Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Yours faithfully,
